

Stepping Stones to Good Character Game (2 Players)

To be used with
Week 2 Lessons
of curriculum

Instructions

- 1 Print out the stars (page 2) on 8 1/2"x11" paper, in color.
- 2 Print out the game (page 3) on 11"x17" paper, in color.
- 3 Cut out the "Character" stars and laminate separately. Then cut out each laminated star.
- 4 Laminate the board game.

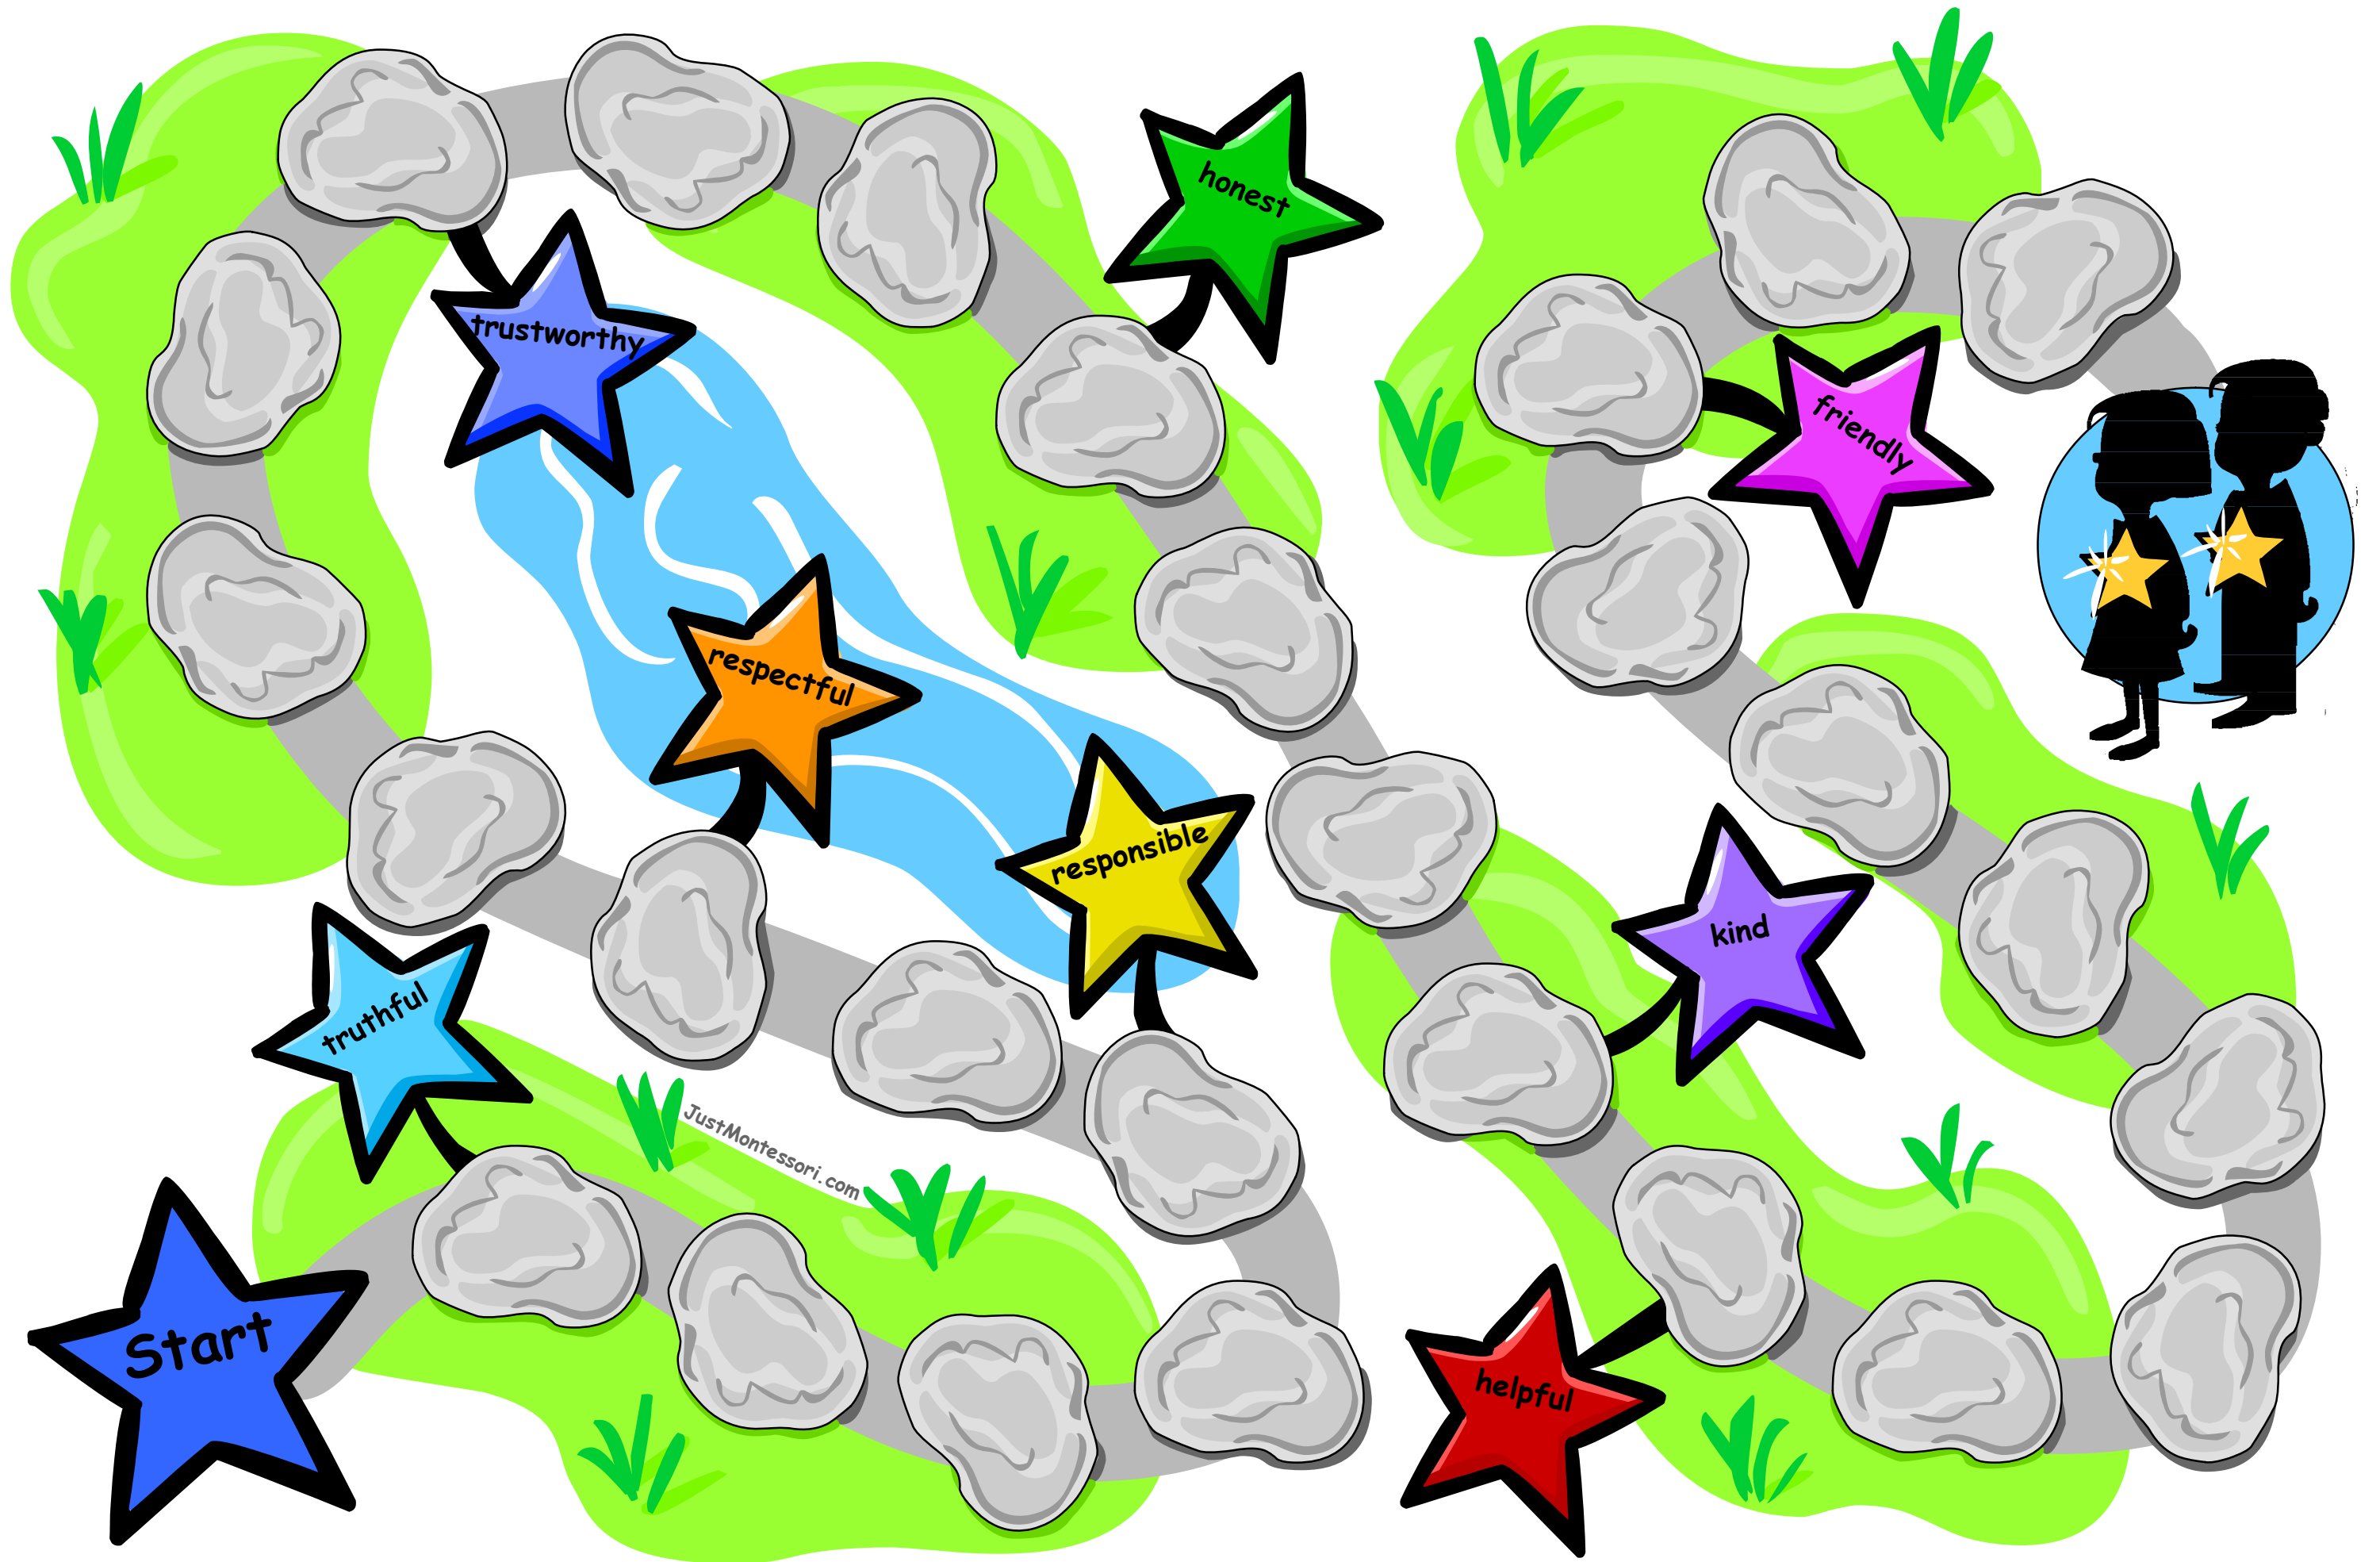

How to play

Have each child roll the dice to see how many steps along the stepping stones to move. If they land on a stone connected to a star, have them collect that character star.

They continue to collect character stars as each child lands on a character stone. When both children have made it to the end they both have made it to "gold star" children.

Count how many character stars each child collected. The most collected wins!
